Dear Chapter Member,

As we ring in 2017, exciting things are happening with the Energy Services Coalition all around the nation.

The Nevada "2016 Highlights" is a snapshot of performance contracting news and headlines that our Nevada members have shared with us during the past year. To stay up-to-date, or to share a news item with us – please visit the [Nevada ESC Chapter Facebook](#) page.

Happy New Year,
Jim Arwood
ESC Executive Director

Nevada Nearly Doubles GESPC Investment in One Year

May, 2016: The Nevada ESC Chapter reports it has nearly doubled its total investment dollars in GESPC in the past year – going from \$100 million to \$183,978,010. There are several projects currently in the audit phase, and Nevada expects to make monetary awards to two agencies under its PCAAP (Performance Contract Audit Assistance Program), which reimburses an agency for their IGA once they sign a contract to proceed with construction.

Upcoming Workshop in Planning Stage

The Nevada ESC Chapter is in the final planning stages for a mini training workshop For GESPC on Feb 16 with the target audience of state and local officials.

The half-day workshop is being planned for Reno. For more information click [here](#).

(RE) Join Us: We need your involvement. If you are a former Nevada Chapter member, then you know that the ESC provides a unique forum in which all stakeholders can work together to address and overcome any barriers which are limiting the effective use of ESPC. So, if you are still involved in energy savings performance contracting programs, products or services, then coming back to the Energy Services Coalition may be right for you. Please consider [renewing](#) your membership. I hope you will be able to (re) join us!

SAVE THE DATE

The Nevada ESC Chapter will co-host with the National ESC the 6th Annual Energy Services Coalition Market Transformation Conference is being held August 23 and 24 at the [Green Valley Ranch and Spa](#) in Henderson, Nevada. This year's conference will showcase innovation, case studies, best practices and more in Energy Savings Performance Contracting and public building energy retrofits. Stay tuned for more details. See ya' in Henderson.
